Overview

A unique two-day conference to discuss and learn all the new developments in Perioperative Medicine. The topics will include preoperative assessment, intraoperative care and focus on post operative care

Featuring international leaders in both the research and clinical fields of Anaesthesia, Pain and Cancer, the programme will highlight the growing body of evidence around the link between anaesthesia delivery and cancer outcomes and the consequent clinical implications. There are also sessions covering pain management in the cancer patient, the fundamentals of critical care medicine for oncology and haemato-oncology, bleeding and transfusion issues, haemodynamic and stress metabolism. . There will be master classes on airway management, total intravenous anaesthesia, exercise testing and patient blood management.

This two-day conference organised by the Department of Anaesthesia and Perioperative Medicine, The Royal Marsden NHS Foundation Trust, will take place at the America Square Conference Centre, America Square, London, UK.

London is Europe's largest city, and its accessibility and culture makes it one of the continent's most visited destinations. It offers all of the political, cultural and historic experiences that one could wish for at a scientific conference in a prime location. Its universities, research institutions, theatres, museums, concert halls, and architecture enjoy a first-class international reputation.

This event is suitable for anaesthetists, pain specialists, operating theatre nurses and all other healthcare professionals, with interest in the latest methods and practice in Major Oncological Surgery.

Early booking recommended to avoid disappointment.

We hope you will attend and enjoy the conference.

Organisers:

Dr Ravishankar Rao Baikady
Consultant Anaesthetist
The Royal Marsden NHS Foundation Trust

Dr Alex Oliver
Consultant Anaesthetist
The Royal Marsden NHS Foundation Trust

Programme – Day 1

08:30	Registration and Coffee	
09:15	Welcome and Introduction Dr Ravishankar Rao Baikady, Consultant Anaesthetist Dr Alex Oliver, Consultant Anaesthetist The Royal Marsden NHS Foundation Trust	
09:30	Session 1 - Are You Ready For an Operation: Pre-Operative Care	
	<ul style="list-style-type: none">Major Complex Surgery and Its Problems Mr Shahanwaz Rasheed, UKWhat Did We Learn from Anaemia Trials Professor Toby Richards, UKPrehabilitation: How, Why and for Whom? Professor Denny Levett , UK	
11:00	Break & Exhibition Networking Session	
11:30	What's New? <ul style="list-style-type: none">Does Choice of Anaesthesia Matter? Dr Quirino Piaccevoli, ItalyGive Green Anaesthetics Dr Michelle O'Mahoney, IrelandSurgical Intensive Care: What did we learn? Professor Jigeeshu Divatia, India	
12:30	Industry Sponsored Session With Lunch	
13:30	Master Class – Room 1 and Room 2	
	Master Class 1 - Total Intravenous Anaesthesia <ul style="list-style-type: none">TIVA Basics – Dr Alex OliverBasic EEG Monitoring - Dr Alex OliverTIVA Models – Dr Rohit JunehaAlfentanil TCI – Dr Jacob Mathiszig-Lee	Master Class 2 - CPET in Major Surgery Dr Ravishankar Rao Baikady Mr Nick Tetlow <ul style="list-style-type: none">CPET BasicsLive DemonstrationCPET and Major Surgery: Evidence
15:00	Break & Exhibition Networking Session

Programme – Day 2

08:45

Registration and Coffee

09:00

Welcome and Introduction

Dr Alex Oliver, Consultant Anaesthetist,
Dr Ravi Rao Baikady, Consultant Anaesthetist
The Royal Marsden NHS Foundation Trust

09:15

Current Controversies in Perioperative Medicine

• Role of Echocardiogram in Pre-Operative Assessment

Speaker to be confirmed

• Balancing use of opioids in major surgery

Professor Sushma Bhatnagar, India

• High Risk MDT for Major Surgery: Future?

Mr Sacheen Kumar, UK

10:35

Break & Exhibition Networking Session

11:10

Plenary Lecture

Artificial Intelligence in Anaesthesia and Intensive Care:
Are We Ready?

Professor Jens Meier, Austria

11:35

Perioperative Care

• Management of major haemorrhage – an update

Speaker TBC

• Difficult Airway Management: Too Many Gadgets?

Professor Reshma Ambulkar, India

• Intensive Care For All After Major Surgery?

Professor Jigeeshu Divatia, India

12:30

Industry Sponsored Session With Lunch

13:30

Master Class – Room 1 and Room 2

Master Class 1 - Total Intravenous Anaesthesia

Case Discussion

Dr Alex Oliver

Dr Michelle O'Mahoney

Master Class 2 – Difficult Airway Management

Case Discussion

Dr Orla Lacey

Prof Reshma Ambulkar

15:00

Break & Exhibition Networking Session

15:20

Post-Operative Care

• Acute Pain Management: Time to Streamline Options

Dr Matthew Brown, UK

• Thrombosis Management After Surgery: New Approaches

Speaker TBC

1600

Trainees Debate

• Sugammadex Should Be Gold Standard for All Reversals?

• There is Nothing Wrong with Neostigmine!

16: 30

Closing Remarks
